From A to Z

Alberta, Albania¹, Algeria²,
Bet none of these are near "ya"
And away in Athens and the Argentine³
Are lots of lovely scenes to be seen.

Zambia¹, Zimbabwe², and Zanzibar³ Exotic sites, but very far. Then there's the river Zambezi⁴.

Getting there wouldn't be easy,

But grazing nearby could be zebras.

This little book is a celebration of color, our alphabet, rhyme, and geography. The preschooler can identify different shapes, colors, and letters, while older children can enlarge their vocabulary and knowledge of faraway places. With delightful depictions of letters, one can wander the world in verse.
